

TRANSMITTAL # 1

MEMORANDUM

September 10, 2008

TO: Workforce Development Council

FROM: Roger B. Madsen, Director

SUBJECT: Eligible Training Provider List

ACTION REQUESTED: Approval of training providers for inclusion on the state Eligible Training Provider List

BACKGROUND:

The Workforce Investment Act requires that state and local boards approve training providers before WIA funds can be used to pay for occupational training. The Workforce Development Council, functioning as a local board, has the authority to approve eligible providers for inclusion on the state list of eligible training providers. Current providers on the list have been approved by the council for courses added from July 1, 2005, to August 19, 2008, and by local workforce boards prior to that time. These providers will remain on the state list subject to continued performance. The goals for Idaho's Eligible Training Provider system are to maximize customer training options, improve customer information and comply with WIA requirements.

To maximize opportunities for training provider participation, the council has authorized the Idaho Department of Labor to act as its agent to review and tentatively accept applications on an ongoing basis. All applications to the Eligible Training Provider system must be submitted to the department for tentative approval. These tentatively approved programs are then presented to the council for formal review and approval for official inclusion on the state's Eligible Training Provider List.

Attached is a list of providers that have been tentatively approved for the WIA program by the department.

Staff Recommendation: Staff recommend approval of the attached list of eligible training providers for official inclusion on the state's Eligible Training Provider List for WIA.
